3C's Challenge

The impact

The background features several interlocking brown gears of various sizes on a dark green field. In the upper right corner, there is a solid orange square.

3C's Challenge! Articles written by our Sherrier Newsletter Team: Interview with Miss Beckett:
The 3C's challenge began with Miss Beckett wanting to share information about the history of Sherrier. After doing some research, Miss Beckett found that Sherrier started when Edward Sherrier donated £200 to give 5 poor boys - in the local area - an education in the early 1700's. In this time, £200 would've been a lot more money than it is today..

The background features a gradient from green on the left to orange on the right. Several dark brown gears of various sizes are scattered across the scene, some overlapping. A solid yellow square is positioned in the upper right corner.

Edward Sherrier's act of kindness and generosity inspired Miss Beckett to create the challenge, **to find out how much good £200 can do now?** She decided to donate £30 of her own money to each year group to see the amazing ideas they had and donate any profits they made to the local community and charities of their choice.

Foundation: The Foundation Stage children decided to bake cakes and sell them to the school over a week. The money raised went to Age Concern Charity in Lutterworth and the other class went to Children in Need. They raised £152 in total! What a great way to show all the 3C's. Well done to the youngest team of children in the school. Written by: Alfie (Year 5)

Year 1: Year 1 have been helping animals with their £30, by organising a bake sale and using the profits to help a horse charity take care of their four-legged friends. Year 1's decided that instead of helping people, their donations could go to a charity dedicated in supporting their equine friends. Written by Eleanor (Year 6)

Year 2: The Year 2's have been creating amazing Christmas decorations. These creative -minded people made gorgeous Christmas artwork which they sold to their parents. The generous parents of the Year 2's paid for their child's artwork. Once they had collected all the money they used it for a local food bank to help them grow.

Year 3: For the 3C's challenge in Year 3, they bought Hope magazines with their £30. They have then given the Hope magazines to the elderly at St. Mary's Care Home in Lutterworth, to spread joy. They also shared their autumnal poems. Year 3 are also hoping that this will make the seniors really festive before Christmas.

Written by: Millie (Year 5)

Year 4: Year 4 will be bringing in some of their old toys and books. They will also buy new toys and books with their £30. They are hoping to sell the toys and books and donate the money to the Air Ambulance.

Year 5: These super athletes completed a Fun Run. They ran laps of a range of different assault courses, which they designed themselves. The parents and other family members have then sponsored the children per lap they completed. The money raised will go to the Nottingham Children's Hospital, who have supported Diego and his family, as well as so many others in need of support. They look forward to sharing what they have raised!

Year 6: Our community means everything to us. As a year group, we have created pieces of artwork to sell to parents. With the money we raise, we will buy items for a Christmas hamper to give to the residents of Woodmarket House retirement home in Lutterworth.

The background is a solid orange color. On the right side, there are several dark brown gears of different sizes, some overlapping. A bright yellow rectangle is positioned in the upper right corner.

Some of the Year 6's gave their opinions and explained what the 3C's challenge meant to them.

Sienna: The 3C's challenge is a wonderful opportunity to help our town, as a school and a class. When we were given £30, I wasn't that excited, but what we're doing to support our community has changed my view entirely.

Eva: I'm quite nervous, because you don't know if it will raise enough money, but it will all go to a good cause. I chose the artwork because there are lots of fun things to do and people really enjoy doing art.

Lilly: I like the idea of giving the care hampers and I think it's nice to be creative and help the community whilst doing so.
